

Lost Pet

C.C.

Breed: Domestic Short Hair

Gender: Male

Age: Elder

Reward: no

Location: Candler, 69 English Dr

Description: C.C. is a new resident of WNC and is most likely lost and confused. He is 16 years old and was primarily an outdoor cat who remained in our yard and spent time on our deck eating and relaxing. His owners brought him indoors during the recent cold weather but when he appeared to be ready to go back outdoors and has not been seen since! :-(He is very sweet and a wonderful lap-kitty who we have had since he was a kitten. He is extremely shy towards strangers so this has most likely made it difficult to spot him because he is most likely hiding under someone's deck. We miss him terribly!
