

Found Pet

Breed: German Shepherd

Gender: Unknown

Age: Teenager

Reward:

Location: Barnardsville, 359 barnardsville hwy

Description: Found this cute dog running on Barnardsville Hwy around 7:30pm last night (4/10/18). Looks like a black German Shepard. I asked 4 neighbors if they had seen them before and they said no. One neighbor said they saw them running around further up North Fork the night before as well. I took them to Reach to check for a chip and they don't have one. The animal hospital said they seemed a bit skinny so dunno how long they've been out for. Really sweet dog. If they're yours please contact me. I can keep them for a while but will have to eventually call the humane society if not claimed.
