## Elliott

**Breed:** Domestic Medium Hair

**Gender:** Female

**Age:** Teenager

**Reward:** no

**Location:** Candler, 1 C HENRY BARNES DR.

**Description:** My cat is an indoor/outdoor ex-feral (left ear is clipped) adoptee, but I've had her for over 6 years now. She's solid black, medium-hair with kind of a short & stout build (about 7 lbs.). She won't keep a collar on, so I'm afraid there are no other identifying marks. She likes to stay outside a lot during these warmer months, but doesn't typically stray far from home. However, we haven't seen her since Aug. 24th.

She is spayed and has her vaccines. She answers to the name "Elliott" or "Baby Girl".
