**Breed:** Unknown

**Gender:** Unknown

**Age:**

**Reward:**

**Location:** Asheville, 21 Broad Street

**Description:** A small, adult (I think) black cat with tuxedo markings on his chest, white paws, and a white mark on his nose and the right side of his mouth. He's very friendly...I fed him at my apartment but let him sleep outside because he seemed wary of my dog. Please email me if this sounds like a pet you've lost.
