## Chico

**Breed:** Domestic Short Hair

**Gender:** Male

**Age:** Baby

**Reward:**

**Location:** asheville, 24 arthur rd

**Description:** Malvern Hills folks... Our little kitten, Chico, has disappeared. We try to keep him inside, but he is faster than lightening and got out again today. He usually comes right back in an hr or so, but we haven't seen him since late this afternoon. We live at Arthur Rd. PLEASE contact us immediately if you see him. He is the sweetest cat ever and I am hoping simply walked into someone's home like it was his. In fact I know he tries to get into our neighbor's house when he gets out. Our 5 yr old will be devastated. I am already devastated. Please spread the word.
