Description: My sweet girl Rose (the red dog on the left) has gone missing and it's very unlike her. I let her out to pee with my other dogs last night in their lot and she didn't come back inside. We combed the whole neighborhood and no luck. She was lost near Bearwallow Rd, and Apple Valley Rd in Edneyville. If anyone has any information or if you find her please call or text me at 8288086369. She is spayed and has a green tattoo on her stomach.
