

# Lost Pet

**Siena**

**Breed:** Retriever

**Gender:** Female

**Age:** Adult

**Reward:** no

**Location:** Sapphire, 976 Grassy Ridge Rd

**Description:** Was spooked and ran off in Gorges State Park around 11am. Was spotted within the park a couple times, but she is very skittish so can be hard to approach. She is a 40lb retriever mix with a reddish-brown coat and a white chest and white paws. She does love attention, so if you get low to the ground and gently call her, she will come to you. She should be wearing the same collar in the photo, as well as a grey harness and leash.
