

# Found Pet

**Breed:** Unknown

**Gender:** Male

**Age:** Unknown

**Reward:** no

**Location:** Asheville, 99 Cumberland Circle

**Description:** Coat/color: shorthair, distinctive wildcat-like coat, brown/white/black, white feet; Sex: male (I don't think he is neutered); Where seen: Cumberland Circle/Avenue area of Montford neighborhood in Asheville; When: he has often been seen around this area over the last several months; Description: very vocal--makes a loud yowling sound when he's "prowling." Not sure of age, but he seems young. He has a very long, thick tail and is tall and skinny. Skittish.
