

Lost Pet

Minerva

Breed: Mixed Breed

Gender: Female

Age: Teenager

Reward: yes

Location: Sylva, Edgewood Street

Description: Minerva is a 9 1/2 month F cat who ran out of my house in heat accidentally on 09/02/2020. She is a tabby pattern and predominantly gray and black with some hints of brown in a couple of places. She was last seen with her pink glitter collar on with the 2020 heart vaccine tag attached by City Lights Cafe in Sylva NC 28779. She has black feet and pads. Makes chortling noises and cheeps instead of meowing most of the time. She is spoiled so she should indicate she is our princess. She likes being high up most of the time. She has been raised with our small dog so she may also not show fear of a dog! There is \$500 reward. HELP REUNITE OUR FAMILY!
