

Found Pet

Breed: Unknown

Gender: Female

Age: Teenager

Reward: no

Location: Asheville, 18 Steeplecross Ct.

Description: Very healthy black coat that shines brown in the sun, yellow green eyes. She is young and incredibly sweet and chatty, she came up to me with no hesitation and gives lots of kisses/love bites. She is very thin and has a big scab on her right arm that looks to be healing well. Found behind Silverâ€™s Auto next to the Reserve Apartment community.
