Description: FANTASTIC NEWS! I have found a lost dog found in Cherokee, NC before dusk on 10/28 close to Smoky Mountain National Park visitor center. It is a small dog, unknown breed, and found without a collar. Help me reunite them with their family! I am not from the area, but found someone in the area who has opened up their home to this calm, loving pup.

Contact me if this loving pup is yours and I will connect you with the volunteer.
